

AVL-MNT

Ceiling or Wall Mount, with Removable Extension

Our most popular mount suitable for most applications; offers multiple points of pivot and rotation, 4-10 inches (10-25 cm).

Available in black or white finish

AVL-TM1

Clamping Pipe Mount Kit

A single pipe clamp pre-assembled to our MNT-1, for mounting to truss, bars, and more.

Arm available in black or white finish

AVL-CM1

Suspended Ceiling Mount Kit

For mounting flush to a ceiling tile. Speaker panel aims straight downward. Consider adding an MNT-1 for flexible positioning.

Parts list available by request

Mounting Insert Details

All Integrated Audio Spotlight models feature a VESA 100 mount pattern, as well as available pairs of M6 screw and keyhole inserts.

The AS-24 model is designed to replace a standard 2'x2' (60x60cm) ceiling tile, by dropping straight onto the existing grid without any additional hardware.
